

How to search the Online Public Access Catalogue

- The Online Public Access Catalogue (OPAC) contains bibliographic and item data about books in the ELTE University Libraries, including the English-American and Germanic Studies Library.
- The Search function enables you to find records by entering keywords or phrases. There are different Search types available in Web OPAC (e.g. [Basic](#); [Multi-field](#)).
- Accessing: <http://aleph.elte.hu> (Click on English)

Basic Search: you can choose a field to be searched such as Author, Subject, Year of Publication, Call no., and so on, and type in the keywords.

The screenshot displays a library search interface. At the top, there is a navigation bar with links: SIGN-IN, END SESSION, PREFERENCES, MY E-SHELF, HELP, BROWSE, SEARCH, DATABASES, LOCATIONS, RESULTS LIST, and PREVIOUS SEARCHES. Below this, a secondary navigation bar includes 'Basic Search' (highlighted with a red box), Multi-field, Multi-base, Advanced Search, and CCL. Further down, there are links for New acquisitions, E-books, and Search Tips. An information icon and the text 'If You have a question, ask here!' are also present.

The main section is titled 'Basic Search'. It contains a search form with the following elements:

- Type word or phrase:** A text input field.
- Field to search:** A dropdown menu currently showing 'Author (persons, corporate & meeting names)'. A list of options is open, including: Title Words (including series, meeting names), Actual Title (exclude initial articles), Author (persons, corporate & meeting names) (highlighted in blue), Subject, Publisher, Place of publication, Year of publication, ISBN, ISSN, Copy number, Coll./Call no., and All Fields.
- Words adjacent?:** A section with 'Search' and 'Clear' buttons.
- Limit search to:** A section with 'Language:' set to 'all' and 'Format:' set to 'all'.
- Location:** A dropdown menu set to 'all'.
- Start to:** A text input field followed by 'yyyy (Use ? for truncation when not using from/to)'.

At the bottom of the page, there is a logo for 'AUM' and the text '© 2009 EX LIBRIS'.

Multi-field search lets you search more than one word group at the same time, with "AND" between them.

Search tips

- If you would like to find literary criticism on a specific author use '**Subject**' search by entering the author's name (last name, first name → e.g. Austen, Jane).
- If you are looking for criticism of an author's work, select '**Multi-field**' search option and enter the author's name in the '**Subject**' search box and the title of the work in the '**All fields**' box.
- Filter your search results by '**Format**' (e. g. books) or '**Language**' (e.g. English). You can also narrow your results list after the search has been executed by clicking '**Refine**'.
